The CASH principle adopted by this Company, secures to the parties for whose protection insurance may be effected, the WHOLE of the benefits, without subjecting them to the heavy drawback of accumulated premium notes.
Persons may effect insurance upon their lives, or upon the lives of others. Married women can insure the lives of their husbands, for their own benefit and for the protection of their children.
Pamphlets explanatory of the principles of Life Insurance, and illustrative of its advantages, may be had, with form of application, and rates of premium, at the office of the Company, No. 35 Wall street, or from any of its Agents.

IMPORTANT TO THE PUBLIC!
THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.
"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.
I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.
JAMES G. WILSON,
May 19, 1849. Philadelphia."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1849, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines, will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

JOHN DWIGHT & CO'S
SODA SALÆRATUS
MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 12 East water-st.
The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.
Also may be found, John Dwight & Co.'s
Washing & Cleansing Powders,
which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works leaving the iron perfectly dry, and not liable to rust.
Directions for use are printed on each package.

(Late Butterfield & Averell's.)
WOULD call the attention of the Public, (and his old Friends and Customers in particular,) to his large and extensive stock of
Wines, Liquors & Cigars,
Purchased by himself in the City of New York, within the last month, FOR CASH, at prices from 25 to 33 per cent less than formerly paid through partners, and I can assure my customers that the Liquors that I now offer, have not passed through second hands; on the contrary, I saw all my goods sealed for shipping, and turned out of the CUSTOM HOUSE; therefore, I can say with confidence, that my Liquors are PURE.
I have marked my Goods very low, and have therefore adopted the
ONE PRICE SYSTEM,
and no deviation from the price first asked; giving those who are not judges of the article, an equal chance with those that are. Every cask will be marked with the price. My arrangements are now completed for the importation of my Fall Stock, when I shall be able to fill orders in New York on still more favorable terms than formerly.
Having been three years in business in this city, I flatter myself that my selections will meet the wants of this market. My assortment of CHOICE SEGARS are complete and my stock of LIQUORS comprises over 1000 original Casks of the most approved brands of

ELECTION—WEDNESDAY, JANUARY 7

FAIRLY HOOKED!

How many times has the following over true story been told to youngsters, who are supposed to be in the way of temptation?—

A very cruel man one morning took a sharp hook and fastened it to the end of a long string. He then went into the garden and dug some large worms out of the ground and put them in a box. Then going down to the river side, where he knew a certain big fish usually swam about, he selected a fine fat worm, and putting it on the hook, let it down carefully into the water. The fish was very wise, and cunning, but he didn't *smell the rat* at all. He only thought of the luscious morsel presented to him, forgetting how many of his kind had been suddenly seized with a [illegible] after eating just such dirty bits. He swam back—the foolish fellow—to get a good start, and then, with wide open mouth rushed at the worm and swallowed it, when lo! the cruel man drew him up out of the water, and threw him on the ground. There was a hook inside of the worm! and this fish had taken it all down. So this fish was laid out on the grass, having made an "object" of himself.

Now for the application. It has always been a matter of wonder to us that any party in the United States, should, while professing the greatest regard for the people of this country, yet persist for a series of years in a policy which was directly opposed to the interests of those very people. It was still more a matter of wonder that a party, which houses itself by claiming Jefferson as its godfather, and Andrew Jackson as its greatest and best leader, should yet advocate a policy directly contrary to their teachings.

Wandering through some interesting volumes of the day, we found on record the express declarations and recommendations of all the Presidents (JEFFERSON among the rest) from WASHINGTON down to and including JACKSON, in favor of a truly protecting and encouraging Home Industry. We had seen them, singly before, but never presented in such strong array. The existence of such documents however has been proved so often to the self styled followers of Jefferson & Co, that there would be nothing new in proclaiming it again.

But we found something else. The old society of St Tammany, the school of Loco Foco politicians which has sent forth hosts on hosts of graduates, skilled in political management, and political duplicity, and famous for many years as the head quarters of what claims to be true democracy—this old Tammany was referred to in the document that we were reading. And, among other things we found that, on the 30th of Aug 1819 a committee was appointed by this society *to take into consideration the subjects of National Economy and Domestic Manufactures* and to draft an address to the brethren throughout the country. On the 4th of October the Society met again at the Hall and the address "draughted by brother Woodward," was read and accepted, and directed to be sent throughout the country, in pamphlet form.

We were delighted with the address, and in the kindness of our hearts determined that one of our cotemporaries—who albeit a free trader is yet in favor of discriminating for American Industry—should rejoice with us. So we gleaned from it some of the better portions, where all was good, and published it on Monday morning, under the head of "Over Importations" *verbatim et literatim*. It was a good deal stronger in language and more exclusive in policy than we think is right and just, but we thought we would let it have its fair proportions. So we let it go.

Reader! the book we were reading was the garden in which we dug that fine fat worm, the Tammany Address, and the hook we put it on was the *Sentinel*. And now see how the old fish was caught! Yesterday morning under the head of "*Over Importations*" the *Commercial* makes an onslaught upon the Tammany Address in an article a column long, a specimen of which we give:

The style of the article is discursive, the argument specious, and its evident aim is to reach the greatest number of readers with the least possible trouble. Details are avoided and generalities substituted in a manner "calculated to deceive the unwary" as the doctors say—but we still recognize *that same old coon* in every line. In fact so well worded is it and so comprehensive in the tenor of the remarks indulged in by the writer that there does not appear to be a single class or individual of society but can take from it some flattering unction to himself and its conclusion so nearly captivated us that we took up our pen to sign our adhesion to the doctrines advanced—but upon second thought concluded to give the monster one more push with our [ink] horn, that our submission afterwards might be the more valued.

And so our neighbor rushes madly at the bait and swallows it hook and all! It only required the skill of an angler to land him, and extricate the hook in a twinkling—and there he lies his beautiful colors glittering in the sunshine. We'll serve him up some other day.

ARMED INTERVENTION.

Mr WALKER's resolutions and his speech (which we have not yet received) are spoken of as adopting the whole Kossuth ground. Wisconsin is generally ahead of the other States and her Senators appreciate the sentiment of her People and faithfully represent the most progressive democracy in the Union.—*Wisconsin of Monday*

Mr WALKER declared himself in favor of armed intervention in the affairs of Europe. He was in favor, too, of our interfering at once. The *Wisconsin* which is blown about by every wind of doctrine applauds these belligerent sentiments and eulogizes Senator WALKER for so promptly and faithfully representing the "democracy" of this State. We take leave to doubt whether Senator WALKER, in these extreme opinions any more than in his radical Land Limitation doctrines, truly reflects the sentiments of his party. We are very sure he does *not* reflect the sentiments of the People. While heartily sympathising in the efforts of every oppressed nation to rid themselves of a galling yoke, and willing to extend to the suffering Hungarians in particular, and their illustrious champion KOSSUTH, the promptest recognition of their rights and the best wishes for their success the People of Wisconsin are not prepared at the bidding of this modern Peter the Hermit, to engage in a general crusade against the Powers and Principalities of the Old World, and to undertake to force Republican Institutions down the throats of Europe, Asia and Africa at the point of the bayonet. Such is no part of the mission of the American Republic, nor could we reasonably claim success, or even respect, for such interference so long as the whole world knows that we have, within our own borders and under our own laws, over *three millions* of men held as SLAVES! How shall we see to pluck out the mote that is in our brother's eye, while we suffer this beam in our own eye?

NAILED TO THE COUNTER.—The *Commercial* of Yesterday is guilty of another attempt to put in circulation the following base coinage:

"Thus it was that prompted the *Sentinel* Editor to call upon the Whig Convention at Madison to disband without making a nomination so as to leave the way clear for their going into the support of the Free Soil nominee."

"The *Sentinel* Editor" never made any such "call" or advised any such absurd proceeding.—The statement is a lie out of whole cloth.

PRESIDENTIAL.—The Washington correspondent of the N Y *Times*, writes that President FILLMORE is about to withdraw his name unconditionally, as a candidate for the Presidential nomination and that the road is "all clear for old Churubusco, Cerro Gordo, &c." WINFIELD is the watchword for '52!

THEATRICALS AT MADISON.—Messrs. LANGRISHE, ATWATER & Co announce that they will open a Theatre at Madison, for the season, commencing on Tuesday next, January 13th.

News for our "Democracy."

Inasmuch as none of the party organs in this State seem inclined to let their readers know what is going on among the managers and wire-pullers we are tempted to copy the following "peep behind the curtain" from the Chicago *Democrat* which has always exercised a sort of paternal supervision over Wisconsin politics. We had no idea however, that the dissatisfaction was so broad deep and general as our Chicago contemporary represents it to be. It is nevertheless an indisputable fact that a good portion of the party are out, in open rebellion against the doings of the last State Convention. But hear "Long John."

Repudiation of the Cass and Foote Delegates—The Wisconsin democracy are all in commotion about the fraud upon the voice of the people perpetrated at the last State convention and which caused the unexpected defeat of the party there at the late election.

Wisconsin is first for Dodge and second for Douglas. There is no doubt of this. But the delegates to Baltimore are all for Cass and Foote. To keep up appearances they may on the first ballot go for Dodge or Douglas, but they will go for Cass and Foote whenever their votes will do them any good. And all this in violation of the most notorious will of the Wisconsin democracy.

Just before the convention the editor of the Detroit Free Press was sent to Milwaukee with the *needful* and there this whole matter was arranged, which the honest democracy of Wisconsin are determined to repudiate.

The only question now is, how to bring about this repudiation amicably—how to do it in such a way as to save the feelings of the very few Cass and Foote men in Wisconsin. For the last few weeks the Cass and Foote men have been [illegible] up the Dodge men, the Douglas men and indeed all the men for a new deal in order to prevent a public outbreak.

The following terms have been agreed upon viz: The District delegates are to resign under pretence that they are satisfied that the State convention had no right to choose them. The Districts are then at liberty to choose the [illegible] delegates under instructions, or to choose new ones. When the Districts have expressed their preference then the electors at large are to resign or obey the instructions from the Districts.

Query. Who got the "needful"?

Report of the Committee on the Fire Annihilator.

At the public trial of Phillips' Fire Annihilator at Hamilton Square on Thursday afternoon the undersigned were appointed by the citizens assembled, to superintend the experiments and would report as follows:

1st. That the building was constructed of green spruce timber and constructed in such a manner that it would have been a difficult matter under ordinary circumstances to have got it fully on fire.

2d. In our opinion Mr Phillips had every opportunity afforded him to fairly test the experiment and everything was in his favor.

3d. A slight fire was kindled inside the building and the annihilator was almost instantly applied before the fire got headway to any considerable extent. It partially extinguished it.

4th. Mr Phillips has requested that another experiment shall be made under the direction of the same committee. After such experiment is made the committee will present the public with a full report.

THE BURNING OF THE LIBRARY.—The *National Intelligencer* gives the following information relative to the damage done by the recent fire at the Capitol:

We have stated above that about 35,000 volumes of books were destroyed. This is estimated from the supposed number saved, which is 20,000, the original contents of the library being about 55,000 volumes in all. The contents only of the principal hall were consumed, the North Room and Law Library not having been reached by the fire, owing to the thickness of the intervening walls. Besides the books, a number of superior paintings hanging around the Library walls and between the alcoves were included in the destruction. Of these we can call to mind Stuart's paintings of the first five Presidents, an original portrait of Columbus, a second portrait of Columbus, an original portrait of Peyton Randolph, a portrait of Bolivar, a portrait of Baron Steuben by Pyne an English artist of merit, one of Baron de Kalb, one of Cortez, and one of Judge Hanson of Maryland, presented to the Library by his family. Between eleven and twelve hundred bronze medals of the Vattemare exchange, some of them more than ten centuries old and exceedingly perfect, are amongst the valuables destroyed. Of the statuary burnt and rendered worthless we recollect a Statue of Jefferson, an Apollo in bronze by Mills, a very superior bronze likeness of Washington, a bust of General Taylor by an Italian artist and a bust of Lafayette by David.

We have only heard of three books saved from the principal Library, namely the Librarian's Register, an Account book, and an odd volume of Lord Kingsbury's magnificent work on the antiquities of Mexico.

THE EMMET DISTRICT IN DODGE.—The Watertown *Register* still insists that Mr AVERBERG has removed out of the Assembly District from which he was elected and has gone, with his family, to Fort Winnebago. It adds:

We understand however he intends to take his seat as the representative of the Emmet District. How far this can be considered legal we leave it for the people of the district to determine.

Even if it be true that Mr AVERBERG has removed out of his District since election this does not vacate his seat. We cannot account for the *Register's* anxiety to unseat him unless it be that it distrusts his "democracy"?

SUPREME COURT.—On Saturday morning the Supreme Court in session at Madison, went into the election of Chief Justice and they unanimously made choice of Judge JACKSON but that gentleman declining Judge WHITON was elected. The choice of the members of this new and higher State Court is honorable to them and to the credible lawyer and upright Judge, whom they have called to preside over them.

At the same session, HARLOW S. ORTON Esq late of this city—a gentleman well known here and throughout the State for his legal ability, application and faithfulness in the discharge of all duties entrusted to him—was chosen Reporter to the Court in place of Judge CHANDLER resigned.

BANKS.—A new Bank, with a capital of $200,000 to be located at Syracuse N Y and to bear the name of "The Farmers' Bank" is to go into operation in the spring. The *Journal* understands that C L Alvord is to be President and L H Judson Cashier.

The Empire City Bank has officially given notice that it will commence business on the 2nd of January at the corner of Broadway and Ann street, New York.

FINE SLEIGHING.—The weather, after the snow storm of Monday has come off cold and the sleighing is first rate. Our streets were alive yesterday, with sleighs of all sizes and varieties. The snow-storm probably extended all over the State. If so and the cold weather holds we may look for a busy January.

HARTFORD AND HOWARD INSURANCE COMPANIES.—See in another column the advertisement of J P McGREGOR Esq, who is agent for these two excellent companies. The attention of holders of policies is particularly invited to it, as they have now an opportunity to renew them.

A GOOD RIDDANCE.—A despatch dated, Washington, Dec 21st stated that Senator Foote would leave New York in a day or two and go by steamer to New Orleans. Happy Senate! to get rid of such a mischief maker, and have an opportunity to get to work.

MANITOWOC HARBOR MEETING.—At the meeting of the citizens of Manitowoc held on the 27th they resolved to petition the Legislature for an act allowing them to raise $15,000 by tax, for the improvement of their harbor.

SMALL POX AT GREEN BAY.—The *Advocate* says there have been six or seven cases there, and are now two or three, but the disease is disappearing and it thinks visitors to the village need have no apprehensions from it.

TWO NEW SCHOONERS.—The Manitowoc *Herald* says that two schooners are being put together at that place this winter one 7[illegible] feet keel and 97 tons burthen, the other 68 feet keel.

COMMON COUNCIL.—The Board at their meeting, yesterday afternoon *passed* the Watch Ordinance, directed their Select Committee to conclude negotiations with Lockwood & Co for the Water Works and appointed HANS CROCKER Esq to represent the City Stock and interest at the Annual Meeting of the Milwaukee and Mississippi Rail Road Company next week. They could not better this selection.

His honor the Mayor announced the appointment of TIMOTHY O'BRIEN as Captain of the Watch—a judicious choice. Now rogues look out.

FIRE DEPARTMENT.—CHARLES J WHITE was re-elected Trustee in the Fire Department from Engine Company No 3, on the 5th inst and DAVID KNAB from Engine Company No 2. The Annual Meeting of the Fire Department will take place on Monday evening next in the New Market Hall. The attention of all Members of the Department and of Firemen generally is invited to the notice of the President in our advertising column.

CARELESS DRIVING.—We saw several sleighs dashing through our principal streets yesterday at a rapid speed. This is not only against all reason but against the *law*, which we hope to see enforced against the reckless drivers. In several instances yesterday, women and children crossing East Water Street very narrowly escaped being knocked down or run over by these inconsiderate Jehus. Will the Marshal and other City Officers look to it?

Kossuth's Appeal to the Ladies.

We give below the closing portion of the beautiful address of Kossuth to the ladies of New York. It is the most eloquent of his many speeches which we had reported during his [illegible].

It is [illegible] ocean of bloody tears which the sanguinary hand of the tyrant wrung from the eyes of the childless mother, of the bride whose [illegible] the bridegroom's sword between [illegible] daughter and sisters [illegible] thousands [illegible].

I wept [illegible] with which the [illegible] hand of Austrian tyrants [illegible] woman [illegible] of my native land [illegible] daily cursing [illegible] even the prayers of our [illegible] men who for months and months was hunted by my country's tyrants [illegible] having two months [illegible] her head in society [illegible] but the [illegible] little children [illegible] for their life [illegible] worse in [illegible] ladies of New York [illegible] sympathy for my country's cause.

No, there is no [illegible] than you. The heart of men is as soft wax in your tender hand. Mould it [illegible] the form of [illegible] compassion for my country's wrongs, impress it with the noble feelings of your own heart [illegible] with the consciousness of your country's power and might. You are the [illegible] of man's character. Whenever the [illegible] mothers' hand impressed upon the soul of the [illegible] the [illegible] of the coward—(applause)—and [illegible] one word from [illegible] the youth would be [illegible] for the [illegible]. You can even blow up the feeble spark [illegible] breast of broken age but [illegible] blaze up in noble [illegible] generous deeds [illegible]. All this power you have—[illegible] of your country's glory and the [illegible] oppressed humanity [illegible] who thinks [illegible] called to feel the wrongs of oppressed nations convert him, ladies. Your [illegible] and the truth which pours forth [illegible] from your hearts is mightier [illegible].

The Peri excluded from Paradise brought many [illegible] in order to regain it. She brought the dying sigh of a patriot, the kiss of a faithful [illegible] upon the lips of her bride [illegible] the venom of the plague. She brought many other fine gifts but the doors of Paradise opened [illegible] her only when she [illegible] with her the first prayers of a man converted [illegible] charity and brotherly love to his opponent [illegible]. I have many [illegible] received [illegible] this brotherly love and at the [illegible] moment when I entered this hall I was in [illegible]. I am told that one of the [illegible] with friendly and generous intents towards the cause which I have the [illegible] to plead before you has pointed [illegible] established out of such men whose very share in the committee gives importance to it and [illegible] money for the purpose of [illegible] Europe. I perfectly [illegible] and the [illegible] intention of the generous friend who wrote the words, but I beg leave to remark that it is not my intention to get any [illegible] whatever for the revolution of Europe. My maxim is that of the Irish poet—"Who would be free themselves must strike the blow." (Applause.)

All that I can claim is fair play, and that is the [illegible] which I claim the United States to be [illegible] the executive power of the laws of nature and of nations. The revolutions of Europe will be made by the nations of Europe, but that they [illegible] have fair play, is [illegible] the nations of [illegible] I expect from the [illegible] of the United States [illegible] my native land? Now, ladies, I am worn out very much and I have done. One word only [illegible] he said—a word of deep sorrow—he said "Farewell New York." New York, the word will forever make thrill every string of my heart. I must leave it [illegible]. Farewell [illegible] is my call and I must part with the hope that the sympathy [illegible] here is the trumpet sound [illegible] resurrection to my native land. I part with the hope that [illegible] home will bring me back to my own beloved home that my ashes may rest with the dust of my native soil. Ladies, remember Hungary and—farewell.

Further News from Paris.

There appears to have been a fight again in Paris on the 4th inst. The firing was kept up [illegible] briskly [illegible] along the Boulevard Montmartre and the Boulevard des Italiens while in the lower part of the city the contest was [illegible] correspondent of the N. Y. Times.

At 1 o'clock the troops were masters of the whole of the quarter that had been occupied by the [illegible]. The barricades of the Rue [illegible] and Porte St Denis had been cannonaded. At the moment the insurgents began to seize the [illegible] in that quarter to construct barricades, two officers of the line who were passing along the Boulevard Bonne Nouvelle were seized and [illegible] wounded, they were taken [illegible] Porte [illegible]. About the same time an officer of the staff of the National Guard was struck [illegible] at the corner of the Rue [illegible].

[illegible] killed on the side of the troops [illegible]. Some say the loss on the side of the people is about 500. Many dead bodies were left in the streets.

Orders were given this day to arrest the members of the Mountain who had signed an incendiary proclamation calling the people to arms and [illegible] was torn down yesterday morning.

I am told that in Paris there is an army of 100,000 men and not less than 100 guns, exclusive of those in the forts.

Yesterday (Thursday) evening at 1 o'clock the eight prisoners arrested on Tuesday morning arrived at the fortress of Ham. They were escorted by [illegible] of the Gendarmerie Mobile and a squad of sergens de ville. It is stated that [illegible] General Cavaignac is lodged in the apartment formerly occupied by Louis Napoleon. He asked to be allowed the attendance of his valet de chambre. [illegible] request was immediately complied with. Four occupy the upper and four the lower story. In the latter are placed General Lamoriciere. The prisoners at Ham are Generals Cavaignac, Changarnier, Leflo, Lamoriciere, Bedeau, Colonel Charras, MM [illegible] and Baze. The others are I believe at the Mazas.

Though there are no groups in the Boulevards, the [illegible] promenade on the pathways as usual. The [illegible] are decidedly discouraged. It is not merely the [illegible] of the army that has discouraged the insurgents but also the absence of all [illegible] of resistance kind from the departments.

Not a soldier is to be seen today from the Madeleine to the Place de la Bastille. Carriages circulate freely, and though the weather is sloppy and disagreeable an immense crowd of persons line the streets.

The accounts of the lists of killed and wounded vary from 1000 to 250. A list of 3000 has been [illegible] and another of 2,000 and another of 1,500. I should imagine this latter to be somewhat nearer the mark than either of the others. But that the carnage was severe there can be no doubt. [illegible] the infuriated soldiers showed no mercy [illegible] whoever came within their reach of whatever age or sex they might have been. As the cannon roared for a couple hours mingled with the [illegible] musketry the havoc must have been appalling. Unfortunately the English [illegible] sightseeing [illegible] I regret to say proved fatal in many instances [illegible].

[illegible] the troops did their work effectually [illegible] wounded left to tell [illegible]. The reports from the [illegible] There [illegible] 30 at the hospital of the Charité and [illegible] the Hotel Dieu. But there are, of course, some hundreds of [illegible] wounded wretches who have shrunk away to breathe their last [illegible]. Scores of wounded men are also concealed by their relatives.

Reception of Gov. Kossuth—Position of Gen Houston, &c

Washington Dec 22

Gen Houston appeared in the field to day and made strong demonstrations for the free soil Democratic support. He made a platform so broad and long that any [illegible] the Democratic party could stand upon it—whether Free Soiler, Abolitionist or Nullifier or Secede Unionist or Disunionist. He said all who wish to maintain the integrity of the Democratic party from the beginning of the session opposed a recognition of the Compromise Measures. It is a strange circumstance that the Compromise Measures have now scarcely any decided support from either party, both parties are afraid to ratify them.

It is admitted that the Democrats intend to maintain the old organization and will not quarrel about anything.

The House you will notice has appointed a separate Committee of five to introduce Kossuth to the body.

☞ **IN CONSUMPTIVE SYMPTOMS,** Procrastination is the thief of time, in no case, as it shortens existence and hurries the patient from time to eternity.

Thousands are dying whose lives might be saved by the timely use of WISTAR'S BALSAM OF WILD CHERRY. A few weeks, a few days, may make a fatal difference in the progress of consumptive symptoms.

The chances of success increase greatly with the earliness of treatment. Although in cases, seemingly desperate, Wistar's Balsam has performed cures that are seemingly miraculous, still it is advisable to take the Balsam on the appearance of the first symptoms.

CONSUMPTION, of all diseases is the one that should receive early treatment. Every hour of delay may make the case more difficult. In the war between Disease and Nature, the sooner we assist Nature the more certainly will she win the victory. If we wait until Disease has broken the constitution our aid may come too late for service.

BITTERS,
Prepared by Doct C M Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch st, Philadelphia

Their power over the above diseases is not excelled, if equalled by any other preparation in the United States, as the cures attest in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.
[From the Boston Bee.]

The Editor said Dec 22d: "Dr Hoofland's celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY

One of the best literary papers published, said, August 25
"Dr HOOFLAND'S GERMAN BITTERS manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says —"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says —"Dr Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says —"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 21, says —"A Medicine!—We speak knowingly of Dr Hoofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says — "As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

PATENT MEDICINES.

Entered according to Act of Congress in the year 1851 by J S HOUGHTON, M D, in the Clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURER!

THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig the great Physiological Chemist, by J S Houghton, M D, Philadelphia Pa
This is a truly wonderful remedy for Indigestion Dyspepsia Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method by Nature's own Agent the Gastric Juice
Half a teaspoonful of Pepsin, infused in water will digest or dissolve Five Pounds of Roast Beef in about two hours out of the stomach
Pepsin is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying Preserving, and Stimulating Agent of the Stomach and Intestines It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid precisely like the natural Gastric Juice in its Chemical powers and furnishing a complete and perfect substitute for it By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy stomach It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation Nervous Decline, and Dyspeptic Consumption supposed to be on the verge of the grave The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says "An Artificial Digestive Fluid, analogous to the Gastric Juice may be readily prepared from the mucous membrane of the stomach of the Calf in which various articles of food as meat and eggs will be softened, changed and digested just in the same manner as they would be in the human stomach"
Dr Pereira in his famous treatise on "Food and Diet", published by Fowler & Wells New York, page 35, states the same great fact, and describes the method of preparation There are few higher authorities than Dr Pereira
Dr Combe, in his valuable writings on the "Physiology of Digestion" observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful
Dr Graham, author of the famous works on "Vegetable Diet" says "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water impart to the fluid the property of dissolving various articles of food and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process
Professor Dunglison of the Jefferson College, Philadelphia in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject—His experiments with Dr Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known "In all cases, he says, "digestion occurred as perfectly in the artificial as in the natural digestions
Dr John W Draper, Professor of Chemistry, in the Medical College of the University of New York in his Text Book of Chemistry, page 386 says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be"
Dr Carpenter's standard work on Physiology, which is in the library of every Physician and is used as a Text Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice
All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it
The fact that an Artificial Digestive Fluid or Gastric Juice perfectly resembling the natural fluid may be readily prepared, does not admit of question The only wonder is that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind

AS A DYSPEPSIA CURER,

Dr Houghton's Pepsin has produced the most marvellous effects, in curing cases of Debility Emaciation, Nervous Decline and Dyspeptic Consumption It is impossible to give the details of cases in the limits of this advertisement but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent
It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness Also for excess in eating and the too free use of ardent spirits It almost reconciles Health with Intemperance

WISTAR'S
BALSAM OF WILD CHERRY,

THE BEST REMEDY EVER KNOWN

To MAN for Coughs, Asthma, Colds, Croup Bronchitis, Influenza, Bleeding of the Lungs, Difficulty of Breathing Liver Affections Pain or Weakness of the Breast or Side First Stages of Consumption, &c
In short this Balsam is peculiarly adapted to every disease of the Lungs and Liver, which is produced in our ever varying climate

WILD CHERRY has long been known to possess important medicinal properties This fact is familiar to every matron in our land and physicians often prescribe it in different forms for a variety of complaints Tar, also, has been equally noted for its virtues, and home physicians, whose names are familiar to the whole country have gone so far as to declare that even CONSUMPTION could be cured by that alone In other hands again, it was nearly valueless—owing, no doubt to their ignorance in preparing and administering it—a difficulty now entirely obviated by patient experiment and long experience
The extraordinary medicinal powers of these two substances are now, for the first time combined and embodied in DR. WISTAR'S BALSAM OF WILD CHERRY By a nice chemical process everything deleterious or useless is rejected so that what remains is the most extraordinary and truly efficacious remedy for all kinds of pulmonary and liver diseases ever known to man To convince all unbelievers that our theory is really true, we refer to a few cases of cures performed by this wonderful medicine

Pleasant Ridge, Hamilton Co, O,
September 27, 1850

J D Park—Dear Sir —I take the liberty of addressing you of the benefit I have derived from the use of Dr Wistar's Balsam of Wild Cherry I was prostrated by that terrible scourge Consumption, in May last The attack was truly horrifying, to me for three of our family, (brothers and sisters) had died of Consumption I was afflicted with nearly all the worst features of the disease I had a distressed cough and expectorated a great deal of blood hectic fever, severe pains in the side and chest, cold chills, alternating with flushes of heat and copious night sweats
I was under the care of a skilful physician from the time I was taken until about six weeks since, being then almost helpless, and my friends considering my case hopeless, on it learned beyond our Physician's skill, and advised the use of Wistar's Balsam of Wild Cherry Without my knowledge my father procured it, and commenced administering it to me and from the first day I commenced taking it, my health improved and in two weeks from the time I commenced using it, I was able to be out and oversee my business, and labor which I still continue to do I have taken four bottles of the medicine, and I now consider myself perfectly well
JEREMIAH SCRIGG

Another astonishing Cure!

F Kalb a highly respectable merchant of Rushville, Fairfield county, Ohio, sent us the following voluntary tribute

"DR WISTAR'S BALSAM OF WILD CHERRY"

Rushville, Fairfield Co, O April 6 1851
Mr J D Park—Dear Sir —I wish to state to you that my daughter, Amanda, aged sixteen years, had, about a year since, a very severe attack of measles, which reduced her very much and left her with a racking cough I employed all of the physicians within our reach for the purpose of removing her cough, but without success She appeared to be sinking into a decline, with every symptom of consumption
I then tried Dr Rogers Liverwort and Tar But this aggravated her cough and gave her symptoms of a still more malignant character I was now most seriously alarmed and it was with trembling fear that I from day to day, saw the progress of that insatiable disease consumption I really despaired of my daughter's recovery But I providentially saw the certificate of Jonathan Coulson whose daughter, "Sarah Jane" was cured of consumption by "Wistar's Balsam of Wild Cherry" this created a faint hope that it might help my daughter and I immediately commenced using it, and it almost instantly gave relief her health was improved from the first bottle and by the use of two bottles of "Wistar's Balsam of Wild Cherry," she was restored to perfect health, and she is not at all predisposed to a cough
I will say to all that are afflicted with any disease tending to consumption *do not despair, for Dr Wistar's Balsam of Wild Cherry will cure you, if you will but try it*
F KALB

The genuine Wistar's Balsam of Wild Cherry has a fac simile of the signature of Henry Wistar, M D Philadelphia, and "Sanford & Park" on a finely executed steel engraved wrapper No other can be genuine

ARRANGEMENTS FOR 1851.

AS the season for emigration approaches, we beg to acquaint our friends and the public with our Arrangements for the year 1851, and would inform them, that with an increase of business—for which we are grateful—we are placed in possession of greater facilities for conducting the Emigration and Foreign Exchange Business than any other House in the World, and for which—in a great measure—we have to thank a discerning public for their continued patronage.

Since the commencement of last year a large number of magnificent ships have been added to the various popular lines for which we are the Agents, and several others are now in course of construction, all of which will be fitted up for passengers in the most superior manner, and commanded by men of long experience.

By the following List of Packets, and their dates of sailing—being six regular packets a month to and from Liverpool—four, to and from London—and two, to and from Glasgow—persons sending for their friends, or those proceeding to the "Old Country," will perceive it much to their advantage to make arrangements at our office; and as heretofore, our business in *Liverpool* will be under the personal superintendence of our Mr. W. In offering our stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST Double Oven Cooking Stove,

(*Which received the First Premium at the State Fair, lately held at Janesville,*)

Possesses great advantages over every other stove, for plain times and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the amount of fuel over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other model in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamented, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superseding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City reference given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

Troy Fire Insurance Company

TROY, WALWORTH COUNTY, WIS.

CAPITAL $100,000.

The Directors feel grateful to the public for having thus early manifested their approval of and confidence in this Company. After having been in operation ten months, we are able to report as follows:

Whole number of Policies issued,	960
Whole amount of Property insured,	$625,681 00
Whole amount of Cash premium,	5214 37
Whole amount of losses allowed and paid,	371 27
Balance of Cash Premium on hand,	4843 10

IT is gratifying to the Directors to state to the members of this Company, that the business has more than met their expectations, and is rapidly increasing. This unparalleled success in the commencement, and increase of business, shows that our plan and management meets with the approval of the public.

The Charter and Bye-Laws are free from objections, and provide that the business shall be divided into two distinct departments, and the premium notes in one shall not be liable for losses in the other. The only risks taken in the Farmer's Department are on farm property, detached dwellings, country churches, school houses, tailors' shoemakers', and saddlery shops. No hazardous risks will be taken in either department, nor more than $2000 in one risk, or in a circle of eight rods.

The company possesses both the advantages of the Stock and Mutual plan. Any person insuring may pay once and one-half the regular cash premium in full, without a premium note. Stoves may be added or changed, out-buildings erected, if fifty feet from dwelling, and such additions and repairs made as do not increase the hazard, without notifying the company. The Company will be responsible for the correctness of surveys taken by their Agents. Insurance may take effect on the day the application is made. The Company pays, in case fire, the full amount of damage not exceeding the amount insured, and all matters of difference may be settled by arbitration in the county where the loss occurs.

The rates charged by this company, though low, are based upon the actual results of insuring for the past twenty years, and are found to be sufficient, with prudent management, to pay all losses and expenses, without ever resorting to the premium notes; thus the rates on exposed dwellings and farm property, are a premium not of one per cent, and a cash premium of fifty cents on each $100 for five years.

In publishing our safe, cheap, and popular plan of Insurance, we deem it a duty to ourselves and the public to state a few existing facts with the Washington and Montgomery:—

The Washington County Mutual commenced in 1836, by collecting fifty cents on $100; in 1848 they first discovered that this was insufficient to pay losses, and raised to 33 cents, and now are collecting 50 cents on each $100; the result of which is, by their report, Jan. 1, 1850, $9000 in the treasury, and 68 millions at risk, on which they will probably lose two hundred thousand, making their actual debt 191 thousand.

The Montgomery County Mutual is another example of bad management. They have been in operation a little longer than the Washington, and their report shows what the Washington is fast coming to. They reported to the Comptroller, Jan. 1, 1850, that their losses and cash expenses had exceeded their cash receipts twenty-nine thousand dollars, and fifteen thousand dollars claims unsettled, making debts and claims forty-four thousand dollars, and some thirty millions at risk, on which they will probably lose ninety thousand dollars more, making their actual debt one hundred and thirty-four thousand dollars.

The cash premiums now collected by these two companies on which they insure in future will only pay losses on the same, consequently those insuring with them now not only pay for their insurance, but assume a portion of these enormous debts, which must be raised by tax. These companies are so popular in New York, and are compelled to wander in the Valley of the Mississippi where they are not so well known for business. Arch. Bishop and Lester Wilcox may publish, as heretofore, their firm belief that no tax will ever be necessary, but the figures are the things to judge from.

Since the above reports, the Montgomery have laid a tax on their premium notes.

Now we would ask the public candidly, which of these three companies it is to their interest to insure in; the Washington, and assume a debt of $191,000, the Montgomery, and assume a debt of $134,000, or of the Troy, with an increasing cash fund sufficient to pay all losses and expenses without ever resorting to a tax?

STATE FAIR.

CRANE'S PATENT SOAP took the First Premium at the STATE FAIR at Janesville; also at the State Fair of the state of New York, and at the Great Fair of the American Institute. Of course it is, because it is the BEST SOAP in use. If any are still skeptical, let them read the following—the names to which might be indefinitely extended—and then try it for themselves, and if it don't succeed, they don't follow the directions:—

"We have used CRANE'S PATENT SOAP in our families for the past eight months and pronounce it all it claims to be in its recommendations. We do not discover that it injures clothing in the least. It is the cheapest soap in use. We should not willingly do without it.

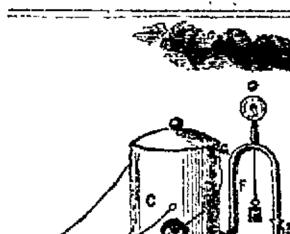
PATENT MEDICINES,



Dr. Trasks Magnetic Ointment,

CAN now be obtained in this city of S. JOHNSON, Jr., and H. Bosworth & Sons, and of one or more Druggists or Merchants in most of the cities or villages of the West. The great and increasing popularity of this remedy is mainly attributable to its controlling power over acute inflammation and nervous irritation. From the best of evidence in our possession, from Physicians of the best standing who have prescribed it, and from others who have been healed by it, we are satisfied that it will cure in some cases where no other known remedy will do it. This it has appeared to do in numerous cases of Chronic Sore Eyes and painful Blindness, where the most eminent medical treatment had failed! For in Inflammatory Rheumatism, Burns, Freezes, Ulcerated sores, Scald head, or for relief from a sudden stoppage of the pores of the skin by colds or fevers, a thorough trial will establish its claims to the confidence of the public. Our agents are supplied with circulars containing interesting details of its happy effects in many extreme cases.

☞ The attention of Physicians is respectfully called to a vigid scrutiny of the merits of this article.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co. of Buffalo, which is a worthless imitation and the pamphlets a "base counterfeit" which will appear by comparing them with the Genuine. The certificates are copied "verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person engaged in selling this spurious article, and is determined to protect himself and the public against such fraud. Many unprincipled persons, to deceive the public, and for the selfish gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, Pain Relief, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer. The public are cautioned against them.

GREAT DISCOVERY.

JOHNSON'S CHEMICAL

HAIR INVIGORATOR,

To Prevent Baldness, and to Restore the Hair that has fallen off or become thin, and to cure effectually

SCURF OR DANDRUFF.

Prepared only by S. JOHNSON, 151 E. Water-st.

FOR THE TOILET,

THE INVIGORATOR is considered infinitely better than oil or grease for the hair, and is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture for the hair, never before attained, yet free from animal grease or essential oils. It clears the pores of the skin, causes a healthy action of the hair bulbs, nerves, &c., which feed the hair, thereby preventing baldness and gray hair, entirely frees the skin from scurf, dandruff, and other cutaneous diseases, changes the harsh and light into the most soft, healthy, glossy state, also imparts to it a darker color, and the free use of it will keep both the skin and hair in a healthy and luxuriant state until the latest period of life.

Ladies will find the Invigorator a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation for a good head of hair. Nov 24 2m

No matter what the cause of pain be—it arises from nervous prostration, muscular debility, disarrangement of the functions of the liver or secretions of the skin, whether it be rheumatism, neuralgia, sick or nervous headache, nervous irritability, spasmodic affections, cramps, diarrhoea, bowel complaints, chills and fever, whether it originates from internal derangements or external injuries—Radway's Ready Relief, taken internally and applied externally, will speedily and effectually stop the pain and cure its cause.

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has experienced the illness alluded to, will admit that she has been thus affected. Now, to obtain relief, it is only necessary to remove the cause; and that this is possible, is done by renewing the strength of the body, by purifying the BLOOD, and no medicine accomplishes this desirable result so speedily and certainly as Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla.

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

☞ Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla is a sure remedy for Hereditary taint.

Females, Read the Following.

NEWARK, N. J., Jan. 25.

Mr. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla has given great satisfaction in every case.

A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases which females are subject to, and was brought to her menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He lent me daughter of the same cure. J. B. TRIPP & Co.

HOMMANSVILLE, Oswego Co., May, 1849.

S. F. Bennett—Dear Sir: I purchased, a short time ago, a bottle of your Yellow Dock and Sarsaparilla for my wife, which she took for Wounds, etc. and it has already helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former feel confident that it will effect a perfect cure.

Yours, very respectfully, N. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general health continues to improve after disease is removed. Cures are not cloaked by a mere temporary relief. There can be no relapse or return of the disease.

NORWAY, Herkimer Co., Feb. 1850.

S. F. Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for the months without any beneficial effect whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were constantly discharging offensive matter. Medical and surgical skill failed. In this state of despair the case was hopeless—there could be nothing done to arrest those terrible gangrenous ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had seen the effects of your medicine in a valuable medicine, asked me to make a trial of it, and more from the neighbor's advice than any belief of my own, I resolved to try it, and from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla" and commenced with it; and to my astonishment, he commenced to improve before he had used the third bottle, and before he had used half a dozen bottles, he could walk out. He used in all six bottles during the year '49, and by October he is well and healthy; recovery every vestige of the disease except the scars now removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and for this cause I feel myself under great obligations to you, and it is with great joy that I inform you of this, your Sarsaparilla has done for my son.

Respectfully, JAMES RUSSELL.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

from which the above cut was taken. By it we can take the exact shape, and thoroughly fit the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $3.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who are willing to pay ten profits upon a Hat, and are willing to save 25 per cent, to call and see us.
